Total quarter credit hours/ contact hours required			180	2242

Time required to complete this program is 180 weeks

** Indicates a general education course*

CORRECTIONS, CONT:

The course description language on Page 99 should read as follows:

BA 1300 Small Business Management (*4 quarter credit hours, 48 lecture contact hours*)

An introduction to the intricacies of decision-making in organizing and developing a small business. Discussion focuses on the various responsibilities a small business must meet and the challenges generated by the marketplace.

Prerequisites: BA1000, BUS1130

The course description language on Page 100 should read as follows:

BI 2100 Elements of Microbiology* (*4 quarter credit hours, 30 lecture/20 lab contact hours*)

Survey of microorganisms in terms of physiology, biochemistry, genetics, and diversity with emphasis placed on prokaryotes and eukaryotes causing human diseases. Methods of their control including physical, mechanical, chemical, chemotherapeutic, and role of the immune system are discussed.

Prerequisites: MT 1800

BI 2100 is a general education course in the Pharmacy Technology and Healthcare Management programs only.

The course description language on Page 102 should read as follows:

CIT 1800 Network Security and Firewalls (*4 quarter credit hours, 30 lecture/20 lab contact hours*)

This course focuses on identifying security risks and security planning with emphasis on designing Windows security solutions. The course also covers securing network resources, services, communications, remote access users, and designing a secure access to the Internet.

Prerequisites: IT1300

The following should replace the curriculum outline for the Bachelor of Science: Healthcare Management program on pages 74 and 75.

Bachelor of Science: HEALTHCARE MANAGEMENT
